

# A Lenten Game of Facts

You will find the answer to each of the questions below somewhere in the cross. When you find an answer, color in that square. After you answer all the questions, turn the cross sideways. If you answered all the questions correctly, your colored squares will spell out an important Lenten word.

When you're finished, cut out the cross, decorate it any way you would like, and bring it to the parish office so we can display it. Remember to put your name on it!
